

Business Item 2026-11

Intergovernmental Agreement with the City of Hastings

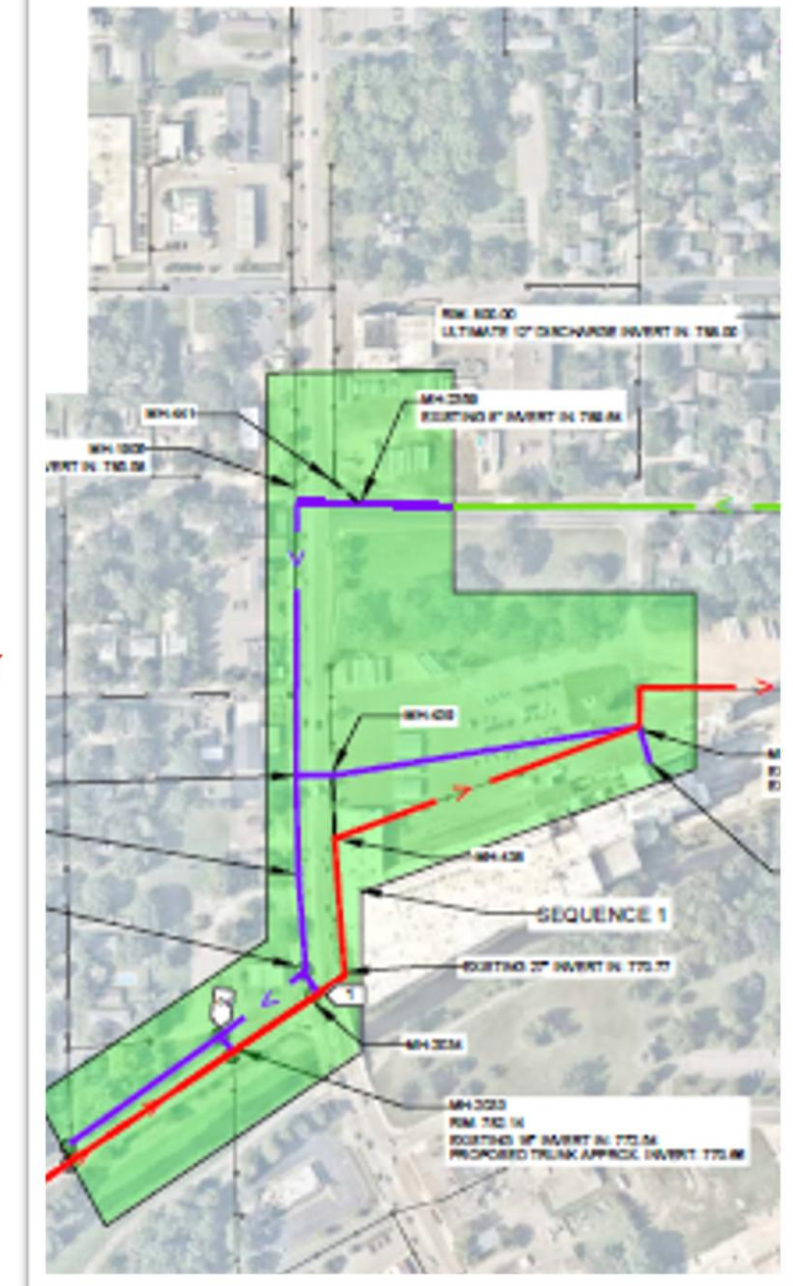

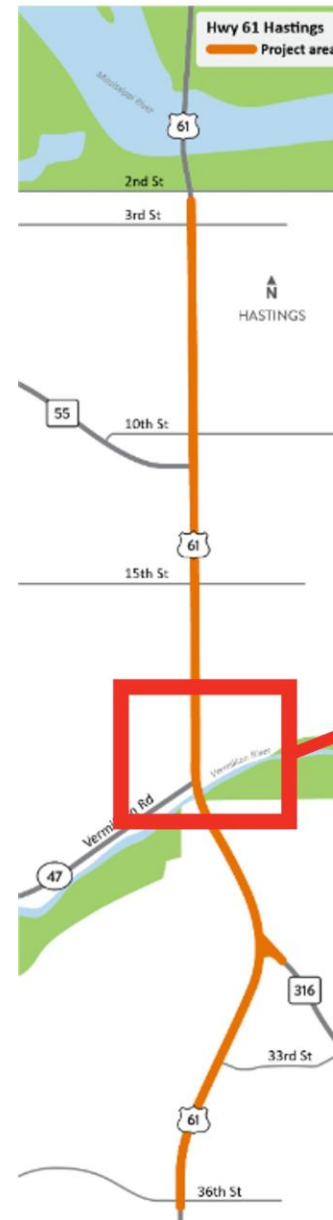

Environment Committee: January 13, 2026

Chad Davison

Project Area and Scope

Scope of Improvements

- The Council is planning to treat Hastings wastewater outside the city limits.
- Trunk sewer pipes shown in purple in the image on the right side of the slide need to be installed to accommodate a change in where Hastings will get sewer service from the Council.
- Hastings and MN Department of Transportation (MnDOT) are beginning a design to reconstruct the busiest roadway in Hastings.
- This will be a MnDOT-led project.
- The sewer pipes will be turned over to the city after construction is complete.

Proposed Action

That the Metropolitan Council authorizes the Regional Administrator to negotiate and execute a Cooperative Construction Agreement with the City of Hastings for the installation of new trunk sewer pipes associated with providing a future new sewer service point for Hastings, ES Project No. 809530, for an amount not to exceed \$7,000,000.
