

Business Item 2026-176

Chanhassen Interceptor 8253-327 Improvements
Real Estate Property Acquisition and Condemnation

Environment Committee: September 22, 2026

Dan Fick

Project Area

Project Scope

Chanhassen Interceptor 8253-327 Improvements:

- Construct a full-length, full-capacity redundant forcemain
- Rehabilitate existing clean-out and air-relief structures
- Inspect and rehabilitate (as needed) existing forcemain
- New meters at L21
- Interconnect and flow rerouting facilities

Approximate Easement Needs: 47 Temporary, 17 Permanent

Proposed Action

Chanhassen Interceptor 8253-327 Improvements

That the Metropolitan Council adopt resolution 2026-12 authorizing the acquisition and condemnation of real estate property for Chanhassen Interceptor 8253-327 Improvements Phase 2, ES Project No. 802806.
