Streamlined 2026-2029 TIP Amendment Request: Minneapolis Safe Streets for All

To: Transportation Advisory Board

From: Technical Advisory Committee

Prepared by: Joe Barbeau, Planning Analyst, 651-602-1705

Requested action

Minneapolis requests an amendment to the 2026-2029 Transportation Improvement Program (TIP) to add its Transportation Safety Countermeasures project.

Recommended motion

Recommend adoption of an amendment to the 2026-2029 TIP to add Minneapolis's Transportation Safety Countermeasures project (SP# 141-070-021).

Background and purpose

The City of Minneapolis was awarded federal Safe Streets for All implementation funding in 2024. The funding will be used to implement transportation safety countermeasures on the city's high-injury street network. These activities include medians, pedestrian refuge islands, lane safety revisions, bikeways, street lighting, pavement markings, signage, and reflective signal backplates.

This project is not funded by the Regional Solicitation.

Relationship to regional policy

Federal law requires that all TIP amendments meet the following tests: fiscal constraint; consistency with the adopted regional transportation plan; and opportunity for public input. It is the TAB's responsibility to recommend TIP amendments to the Council for adoption, provided these requirements are met.

Staff analysis

The TIP amendment meets fiscal constraint because the federal and state funds are sufficient to fully fund the project. This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on February 12, 2025. Public input opportunity for this amendment is provided through the TAB's and the Council's regular meetings.

Committee comments and action

At its January 7, 2026, meeting, the Technical Advisory Committee recommend that the Transportation Advisory Board recommend adoption of an amendment to the 2026-2029 Transportation Improvement Program to add Minneapolis's Transportation Safety Countermeasures project.

Background and TIP Amendment Need

This amendment is to add a new 2026 project into the 2026-29 TIP/STIP.

Fiscal Constraint (as Required by 23 CFR 450.216)

Federal funding is being provided from Safe Streets for All (SS4A) grant program (DOT-SS4A-FY24-01). These federal funds are above Metro District targets. Therefore, fiscal constraint is maintained.

Consistency with MPO Long-Range Plan

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on February 12, 2025.
