Recommended motion

Recommend approval of the criteria, measures, and scoring guidance for the 2026 Regional Solicitation for the purpose of release for public comment as shown in Attachment 3.

Background and purpose

The Regional Solicitation is part of the Metropolitan Council's federally required continuing, comprehensive, and cooperative transportation planning process for the Twin Cities Metropolitan Area. The Transportation Advisory Board (TAB) selects projects for federal funding. The attached materials include the criteria for each category, proposed measures within the criteria, and proposed scoring guidance for the 2026 Regional Solicitation. The attached proposed criteria, measures, and scoring guidance were developed as part of the Regional Solicitation Evaluation. The score weighting across the measures is part of action item 2026-07.

Relationship to regional policy

TAB develops and issues a Regional Solicitation for federal funding. The overall purpose of the Regional Solicitation Evaluation process was to update the structure, criteria, and measures to reflect the newly adopted Imagine 2050 Regional Development Guide and 2050 Transportation Policy Plan. The criteria, measures and scoring guidance proposed in this action transmittal reflects the recommendations of the Regional Solicitation Policymaker Work Group, Technical Steering Committee, and Special Interest Working Groups to implement the policy and direction of the 2050 plans in the Regional Solicitation.
