For the Metropolitan Council: January 28, 2026

## Business Item: 2026-13

Procurement of Replacement Articulated New Flyer Buses for Maple Grove, Contract 25P339

<b>District(s), member(s):</b>	All
<b>Policy/legal reference:</b>	FM14-2 Expenditures for Procurement of Goods, Services, and Real Estate Policy; Minn. Statute § 471.345
<b>Staff prepared/presented:</b>	Charles Carlson, Executive Director, MTS (651) 602-1761 Gerri Sutton, Director, MTS Contracted Services (651) 602-1672 Paul Colton, Fleet Manager, MTS Contracted Services (651) 602-1668 Jodi Janssen, Sr. Project Admin, MTS Contracted Services (651) 602-1103
<b>Division/department:</b>	Transportation / Metropolitan Transportation Services (MTS)

### Proposed action

That the Metropolitan Council authorize the Regional Administrator to negotiate and execute contract 25P339 with New Flyer / NFI Group to exercise purchase options utilizing the State of Washington's Master Contract #06719 for two replacement 60' articulated buses in an amount not to exceed \$2,200,000.

### Background

Procurement of two replacement 60' articulated buses will align with the Capital Improvement Plan (CIP), contingent upon approval of business item 2026-1 JT. Purchase of these buses will allow Maple Grove to continue maintaining a state of good repair. These two buses will replace buses that will exceed their useful life in 2026.

The State of Washington released RPF 06719 which is a multi-vendor cooperative agreement that is open to all transit agencies. The Council executed Joint Powers Cooperative Agreement #22I002 with the State of Washington Department of Enterprise Services to utilize Master Contract #06719.

### Rationale

The execution of a goods contract exceeding \$2,000,000 requires Council approval.

### Thrive lens analysis

On Feb. 12, 2025, the Council adopted Imagine 2050, which builds on policy direction in Thrive MSP 2040. Under the Thrive lens, this purchase supports safe and reliable transit infrastructure now and into the future for transit passengers throughout the region (sustainability) and enhances the quality of life in the region by reducing traffic congestion and improving air quality (livability).

## **Funding**

These buses are in the Capital Improvement Plan and will use federal and local funds. Full funding is contingent upon Capital Amendment Business 2026-1 JT.

## **Small business inclusion**

The Office of Equity and Equal Opportunity (OEEEO) did not establish a Disadvantaged Business Enterprise (DBE) goal for this procurement. Transit Vehicle Manufacturers are required to submit DBE program plans directly to the FTA. The FTA maintains a list of approved transit vehicle manufacturers and the Council may only purchase transit vehicles from manufacturers on that list.
