**Policy/legal reference:** TAB Action

**Staff prepared/presented:** Amy Vennewitz, Director Metropolitan Transportation Planning

**Division/department:** Transportation / Metropolitan Transportation Services

### Proposed action

That the Metropolitan Council adopt an amendment to the 2026-2029 Transportation Improvement Program (TIP) to make the following project adjustments:

- Addition of guardrail, grading, and ADA updates to MnDOT's US 10 mill and overlay project in Denmark Township.
- Combining of six MnDOT 2026 Enhanced Mobility of Seniors and Individuals with Disabilities program projects into one project line.
- Increasing the cost and adding a pedestrian bridge to MnDOT's MN 65 interchanges project in Blaine.
- Increasing the cost and removing one pedestrian bridge from MnDOT and Chisago County's US 8 expansion project.

### Background

MnDOT requests an amendment to the 2026-2029 TIP to adjust four projects.

- A scope increase to add guardrail, grading, and ADA improvements to MnDOT's US 10 mill and overlay project in Denmark Township.
- Combination of six Enhanced Mobility of Seniors and Individuals with Disabilities program projects (FTA Section 5310) into one project line. MnDOT is suggesting this act in response to a request from the Federal Transit Administration's suggestion, as this will streamline the grant process. This model will be followed in future TIPs.
- Addition of a pedestrian bridge and to increase the cost of MnDOT's Minnesota Highway 65 interchange project in Blaine.
- MnDOT (along with Chisago County) requests a cost increase and removal of one bridge from their US 8 expansion project. The two 2026 project lines are also being moved to 2027.

## Thrive lens analysis

On Feb. 12, 2025, the Council adopted Imagine 2050, which builds on policy direction in Thrive MSP 2040. Under the Thrive lens, this action promotes livability by enabling efficient completion of transportation projects.

## Funding

These projects are fully funded with local, state, and federal funds.

## Small business inclusion

The project included in this request is federally funded. The Minnesota Department of Transportation will oversee the federal requirements, including the DBE requirement.
