

## 00150 Advertisement for Bids-REVISED

Notice is given that on **June 9, 2026, at 2:00PM** the Metropolitan Council will receive and publicly open separate sealed bids for Hopkins Rail Support Facility Pocket Track Construction, Project Number 61001, Contract Number 26P037.

The proposed work consists of construction of an approximately 750-foot pocket track to support LRT operations, extending from approximately Station 102+53.5 to 109+65. The scope includes installing one No. 6 RH turnout (approximately 69 track feet), placement of concrete ties (including standard, restraining rail and guard rail ties as required), installation of new rail, and secure fastening of rail to ties via insulated shoulders in accordance with LRT standards.

Work will also include placement of approximately 300 tons of mainline ballast, followed by lining and tamping to achieve final plan alignment, profile, and grade. Construction activities will encompass track layout, material handling, rail installation, surfacing, and final adjustment to ensure operational readiness and integration with existing track infrastructure. Available inventory of concrete ties will be utilized where feasible to reduce material procurement costs, with remaining materials supplied as required.
